My signature below means that I intend to provide this pet with vet care, food, water and shelter. Before signing consider what your plan would be for this pet if you encounter the following life situations: Get married, have a baby, contract allergies, get divorced, move, get another pet, go on vacation or if this pet has a medical emergency. You may be thinking this is extreme. You should know that these are just some of the reasons pets are relinquished each year. Camp Companion’s adoption efforts are for this pets lifetime.
